SCUBA CERTIFICATION

- Lifetime/Worldwide certification after completing all requirements. This is a three part process, 1st part pool time, 2nd part learning from DVD, books and the 3rd part is doing 4 certification dives out in the real world with an instructor.
- Friendly, personal attention. Maximum class size is 6 students. Private and semi-private classes available.
- Pool class times – Flexible scheduling, many options available. Most classes are one night per week for five weeks.
- Two days for the 4 certification dives. While certification dives are generally conducted in Ohio we can do them on trips, please ask for details. You can also schedule these dives on your vacation trips.
- We provide the SCUBA equipment: air fills for pool time, tank, regulator, BC and weights. We have a good selection of wet suits for those who would like to borrow one for the pool and certification dives but we do not promise to fit all divers. We also provide the Crew Pack – Dive Log, Books, Recreational Dive Planner and Rental of the Open Water DVD.
- You will need to purchase or otherwise provide: mask, fins and snorkel. We have a large selection and we specialize in fitting our students.
- Cost:

\$339.99	Newark YMCA Non Member Price
\$299.99	Newark YMCA Member Price
\$125.00	4 Certification Dives: Includes use of tank, BC, regulator, quarry entry fees and air fills, if checkout is done in Ohio. (If done elsewhere prices vary.)

Attendance is mandatory for certification. The course is sequential in design, requiring lessons to be completed in order. When a student misses a class it is the student's responsibility to arrange with the instructor to make up the missed session.

Also available: Advanced and Specialty Courses

COME JOIN THE FUN, DIVING IS INCREDIBLE!!!!
